# UNIFIED SINGLE MONITOR MOUNT 4040

INSTRUCTION MANUAL

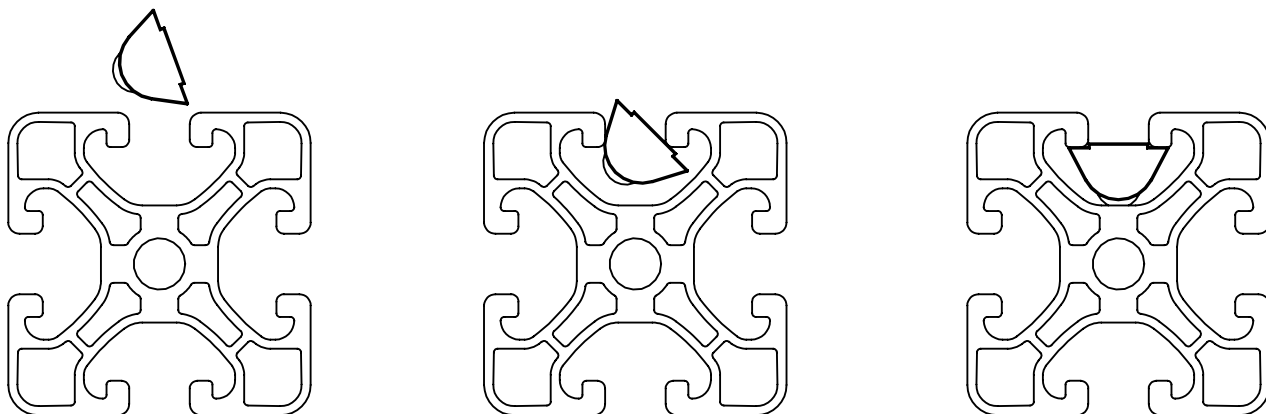

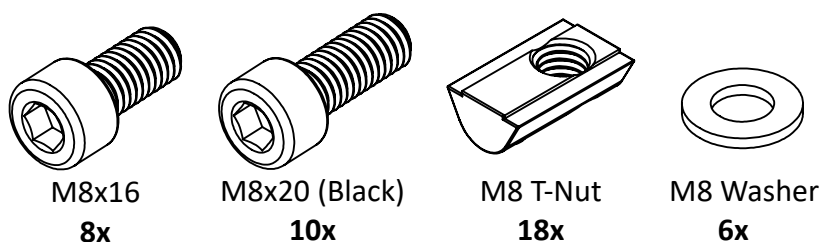

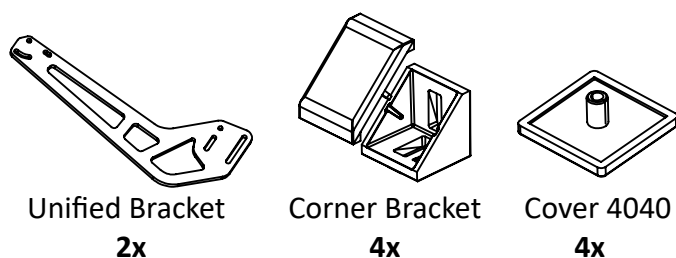

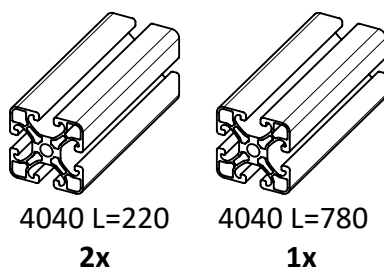

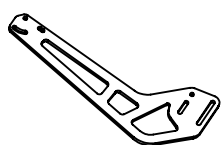

REQUIRED TOOLS:

6mm

TREQ

GENERAL INSTRUCTIONS

The easiest way to mount the T-Slot Click-in-Nuts, is to slide them in from one side of the profile, with the ball facing down. But don't worry if you need to put in a click-in-nut in a profile which has both ends already closed: it is also possible to push them in the T-slot anywhere you like!
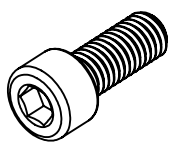

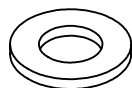

INCLUDED ITEMS

4040 L=220
2x

4040 L=780
**1x**

Unified Bracket
2x

Corner Bracket
4x

| 4040 L=220	M8 T-Nut	M8x20	M8 Washer
2x	**4x**	**4x**	**2x**

2 Attach the two small profiles to the Unified Brackets.

TREQ
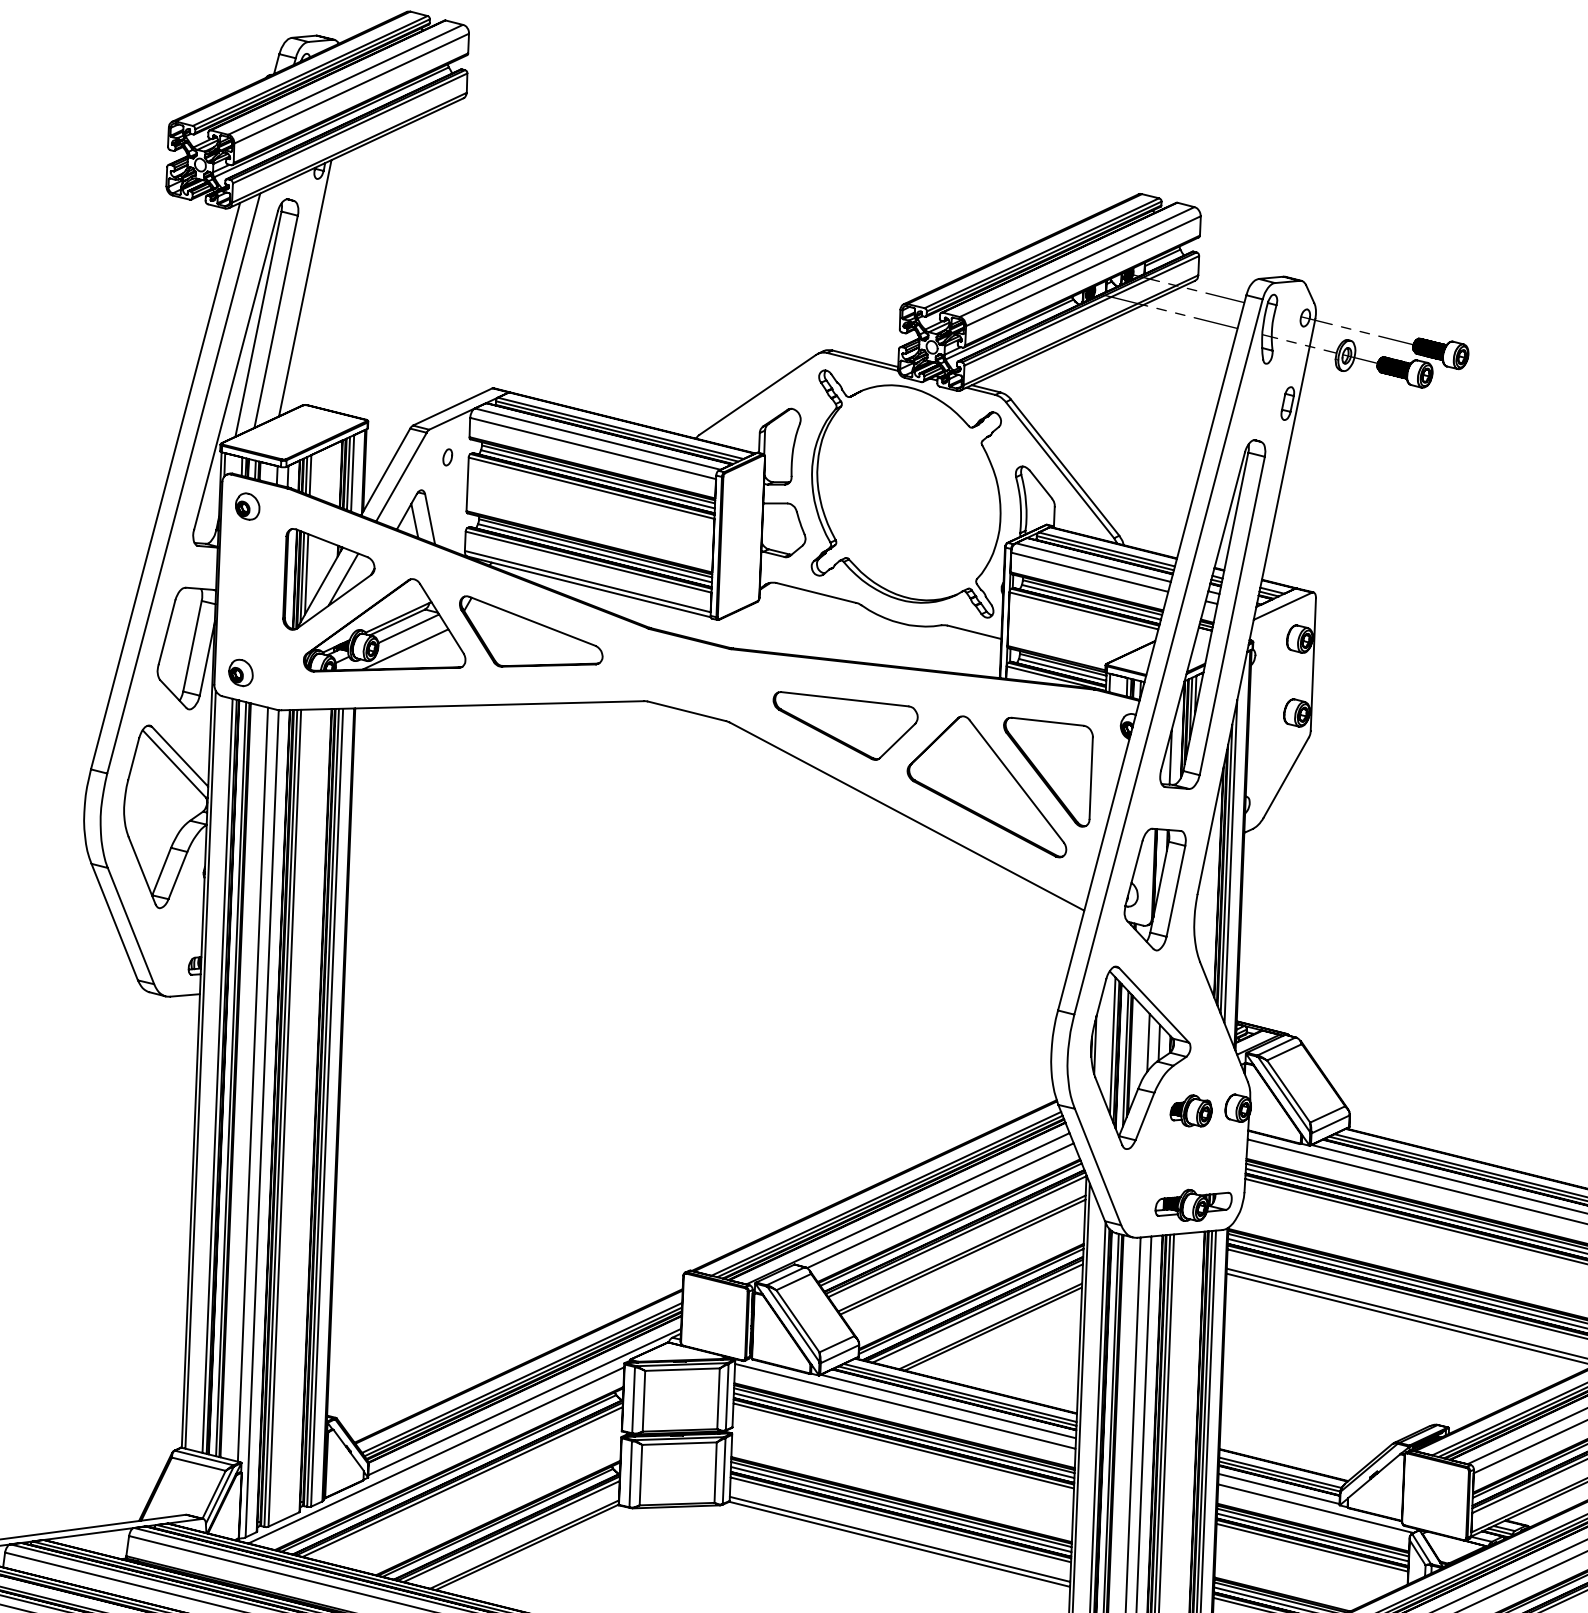

| Corner Bracket	M8 T-Nut	M8x16
4x	**4x**	**4x**

**3** Attach the Corner Brackets to the 4040 L=220 profiles.

Make sure the corner brackets are in line with the end of the profile, or 'pulled back' a very short distance (maximum of 1 mm), as displayed on the left. They must not reach further than the end of the profile, as displayed on the right. This weakens the construction.
