

TRIPLE TELEVISION STAND

INSTRUCTION MANUAL

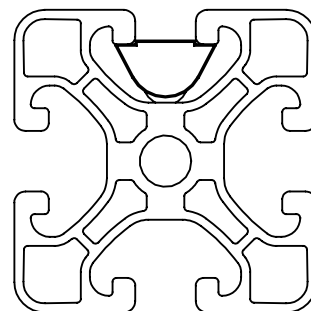

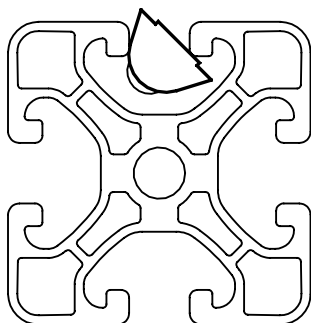

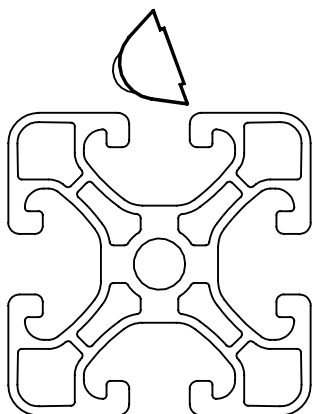

REQUIRED TOOLS:

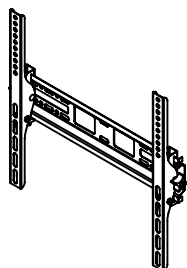

GENERAL INSTRUCTIONS

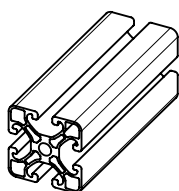

The easiest way to mount the T-Slot Click-in-Nuts, is to slide them in from one side of the profile, with the ball facing down. But don't worry if you need to put in a click-in-nut in a profile which has both ends already closed: it is also possible to push them in the T-slot anywhere you like!

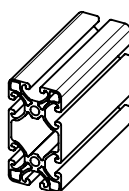

INCLUDED ITEMS

LEAVE A REVIEW

Now that you are done building it is a great time to share your experience with us and even more importantly, other fellow sim-racers!

Recommending us to friends, or leaving a review on your preferred website and letting other people know what you think of us, would help us a lot! We are a small company that has its main focus on creating and delivering great products and helping customers quickly, and not on advertising and marketing.

Kind regards, team Treq
